CAB LIGHTS

MOST light trucks do not come with cab roof running lights as do dualie's and big rigs. These cab roof lights give oncoming traffic a better visual fix for additional safety. Pacer Hi-Five® kits come complete with lights, wire harness and instructions for easy installation. All kits meet S.A.E. specifications. from \$29⁹⁵ to \$69⁹⁵ per set

Dually Accessories

AA - 4

The AA-4 series of Front Adaptors are designed for the same bolt pattern as the Magnum series. They allow you to use the same dual style wheels on the front axle, giving your truck a complete dually look. AA-4's accommodate both 2 and 4 wheel drive trucks.

from **\$295** to **\$325**

Dually Wheels

Starting at **\$65** each

Magnum

Have you ever wanted to turn your 3/4 ton 8 lug or 1 ton single wheel pickup or Suburban into a dually? Now it's as easy as changing a tire. By using our precision machined solid steel adaptors, you get the benefits of a dually without the high cost.

from **\$375** to **\$425**

The Magnum Series of rear adaptors is designed for 3/4 and 1 ton trucks with an eight bolt pattern. We have several styles to accommodate the many types of dual wheels available today.

Dually Fenders

Arrowcraft's dually fenders are specially designed to match the contours of your truck. They are easy to install and paint. They give you a factory dually look, without the high cost of factory prices!

Hitchin' Rod

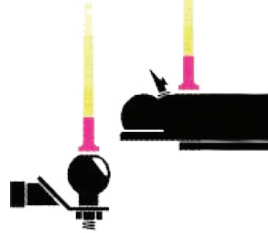

Finally! Someone has come out with an easy way to hook up a trailer. The hitchin' Rod from Qworks will revolutionize the way you hitch up. Magnets make it easy to attach the rods to the hitch components

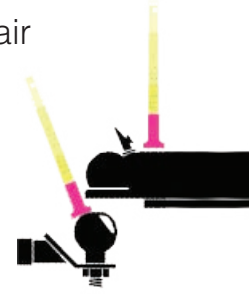

\$19⁹⁵ a pair

Step 1: Put a Hitchin' Rod on the front-most flat part of your coupler, as well as on the hitch ball.

Step 2: Line them up in your rear view mirror.

Step 3: As soon as the rod on the ball moves, you're ready to go!

ATTITUDE

JUICE

If you own a diesel-powered vehicle, Edge makes a product that vastly improves the way your truck or RV performs. That may sound like a bold statement, but we have the dyno results and the satisfied customers to prove it! Edge products are designed to maximize your

vehicle's performance for the type of driver you do. Whether you want power to tow, power to go, or a simple increase in fuel efficiency, Edge products will improve the capabilities and enjoyment of your diesel-powered vehicle.

Rugged Protection

Each Rugged Liner Bedliner is custom-designed for a factory perfect fit in domestic and import pickups.

Tough and durable, the Rugged Liner Bedliner helps to prevent costly cargo box and tailgate repairs. Molded from a single sheet of polyethylene. Ribbed construction prevents water pooling. Air flow design helps to eliminate trapped moisture. Even with tough use, the rugged Liner Bedliner proves virtually dent and chip proof to keep vehicle looking newer, longer. The proven design feature tough patented front corners. In addition to protection from physical damage, the Rugged Liner Bedliner is impervious to most acids, fuels, fertilizers and salts, and resists damage from exposure to UV rays.

Installation is quick and easy. No drilling is required. The rugged Liner Bedliner is design to utilize prefabricated attachment points from the manufacturer. Each Rugged Liner Bedliner is backed by a Limited Lifetime Warranty against defects in materials and workmanship.
